Construction Material

Seat and Cushioning Material	Plywood/40 CAU
Back	Plywood/40 CAU
Frame	Steel

Comfort Wrinkles and Creases Warranty Disclaimer

During the lifetime of your Keilhauer Meander product, as the upholstery and construction begin to settle, "comfort wrinkles" also known as "comfort creases" may appear. The comfort wrinkles and creases are a natural part of the upholstery maturing process as they ensure the textiles ability to stretch just enough so it will not be damaged by the load bearing weight the product supports. Furthermore, it allows the interior insulation/filling to expand and contract as needed. Without the existence of comfort wrinkles and creases, our upholstered and padded products would have a reduced life span and would necessitate frequent repairs.

As the presence of comfort wrinkles and creases are inherent to this products design and do not interfere with the products integrity, no Keilhauer product warranty applies.
